Asha,

Regarding the EIR format and thresholds – We agree with the approach of presenting individual analysis of the four locations followed by an overall analysis.

However, we disagree with the use of differently stated thresholds in the technical reports versus the EIR. The thresholds should be stated the same in the tech reports and in the EIR.

We still need to follow up with you regarding the schedule and the proposed objectives.

Thanks,

Hi Mark, Rob and Ashley,

It was a pleasure meeting with you regarding the Soitec Solar Development Program EIR last month. Please find attached a draft of the meeting minutes, project schedule and project objectives for your review. We look forward to hearing your comments and feedback. Please note that some of the action items listed in the meeting minutes are still forthcoming.

Thanks,
